NEW JERSEY SKI RACING ASSOCIATION (NJSRA)

The New Jersey Ski Racing Association (NJSRA) is the governing body for US SKI AND SNOWBOARD ski racing in New Jersey. Its membership is comprised of competitors, parents, coaches, race officials and those interested in being involved in US SKI AND SNOWBOARD racing in New Jersey. All competitors who wish to compete for the state team and/or postseason quota spots, must be members of NJSRA.

Specifically, NJSRA is responsible for scheduling qualifying races, and administering state quotas for racers who want to compete in out of state Postseason events. EQUIPMENT GUIDE

US SKI AND SNOWBOARD Equipment Guidelines: <https://usskiandsnowboard.org/sport-programs/rules-equipment/alpine-equipment> or go to [US SKI AND SNOWBOARD.org](https://usskiandsnowboard.org) and search "Alpine equipment rules"

Don't buy anything... until you've talked to a racing gear expert such as your coach or this Guide's advertisers.

No kidding!! We can't emphasize proper equipment enough. Youngsters are often seriously held back by inappropriate or ill-fitting equipment.

Before you buy...

Racing equipment is not universal for all ages, weights, or racing abilities. Talk to your race coaches. You can count on their solid advice and knowledge of your skiing.

Racer Nights are held at Ski Barn, and McAfee Ski Shops in October

BASIC GUIDELINES

Boots- The most critical piece of equipment. Only front entry boots will do. Buy them about the same size as your sneakers or smaller. Yes, that's right! No bigger. Ski boots must be snug to give good control. Boots are made with different flex. To bend the knee beyond the toe, the flex should become increasingly stiff. Boots should raise no more than half way up the lower leg. **NOTE:** Boots are made to fit varying widths and leg length. Look for one that fits the shape of your foot and leg. Heel heights can be no more than 45 mm for US SKI AND SNOWBOARD Scored events. (*See US SKI AND SNOWBOARD Comp Guide for latest binding update.*) **Bindings & Binding Height-** Buy the most durable in your weight range. Your DIN setting should be in the middle or slightly lower end of the numerical scale of the chosen binding. DO NOT buy a binding well over your weight range. Also, beware of US SKI AND SNOWBOARD height restrictions for US SKI AND SNOWBOARD Scored events. (*See US SKI AND SNOWBOARD Comp Guide for latest binding update.*)

Helmets- Helmets must be made for ski racing specifically. Look for helmets that are certified and officially authorized by US SKI AND SNOWBOARD for ski racing. If you want a helmet that can be fitted with slalom guard, be sure the holes exist for installation.

US SKI AND SNOWBOARD Equipment Guidelines: US SKI AND SNOWBOARD/FIS Helmet Requirements is Appendix 1.

Skis- Have become very short over the past few years. However, US SKI AND SNOWBOARD has set minimum standards for ski length and side-cut for the different events and age groups for US SKI AND SNOWBOARD Scored events. Please see the US SKI AND SNOWBOARD Comp Guide for specifics. Beyond length, skis have different flexes, rebounds and side cuts which give them different personalities. Weight also has to be considered for racers in choosing adult and/or junior ski. Just because your favorite racer uses a particular ski doesn't mean it is the best one for you.

Poles- Simple: just get the best you can afford. Proper length is the most important aspect. All poles have to have baskets.

NJSRA conducts a series of qualifier events to determine a State Team and quota spots at the U19 & U21 level. These races also determine the U19 & U21 Governors cup, Slalom and Giant Slalom Cup, and Tom Hazzard Cups winners.

Selection Criteria for U19 & U21 State Teams

U19/U21 State Team selection is based on Individual US SKI AND SNOWBOARD Points Results assigned to **completed races** (not individual runs). For 2018/2019 season the racer's three (3) best Individual US SKI AND SNOWBOARD Points Results from two different disciplines (SL and GS only) are used to rank the racers and calculate the State team selection. U19 & U21 State teams will be scored and determined on 6 NJSRA qualifiers, which will be named at the beginning of the NJSRA race season. NJSRA races are listed on the Posted Schedule detailing the races that will be held in NJ, and 1 SG race (non-qualifier) will be held outside of NJSRA. (SG not been scheduled for 2018/2019 season.) Racers may bring ONE (1) "out of state" Individual US SKI AND SNOWBOARD Points Results back to NJSRA and use it as one of the racer's NJSRA qualifiers. All out of state races that wish to be included in one of the NJSRA Qualifiers must be submitted within 5 days after the race to the NJSRA state Chairperson. More than one Out of state race may be submitted, but only the one best out of state race will be counted.

Selection Criteria for U19 & U21 Post season Slots

U19/U21 Quota selection is based on Individual US SKI AND SNOWBOARD Points Results assigned to **completed races** (not individual runs). The racer's three (3) best Individual US SKI AND SNOWBOARD

Points Results from two different disciplines (SL and GS only) are used to rank the racers and calculate the U19/U21 Quota selection. U19 & U21 State teams will be scored and determined on NJSRA qualifiers, which will be named at the beginning of the NJSRA race season. Available races to U19/U21 NJSRA racers are listed on the Posted Schedule that will be held in NJ, and 1 SG race (non-qualifier) will be held outside of NJSRA. (SG has not been scheduled.) U19/U21 Racers may bring ONE (1) "out of state" Individual US SKI AND SNOWBOARD Points Results back to NJSRA and use it as one of the racer's NJSRA qualifiers. All out of state races that wish to be included in one of the NJSRA Qualifiers must be submitted within 5 days after the race to the NJSRA state Chairperson. More than one Out of state race may be submitted, however only the one best out of state race will be counted.

Post Season Assignment of U19/U21 State Quota Slots

There are three post season events for U19/U21. Post season race participation will be based on the Individual US SKI AND SNOWBOARD Points Results of the qualifiers regardless of state team positions. NJ State team selection **does not** necessarily mean automatic selection for post season races. Since post season races are U19 & U21 combined, it is entirely possible that a racer, who did not make the state team, is selected for a state quota event because he /she placed before a racer on the state team in a different age group. **Remember:** The Individual US SKI AND SNOWBOARD Points Results earned by each racer will be the determining factor.

New Jersey State Awards--U19, U21 & Sr.

All U21, U19 and senior racers who meet NJSRA eligibility requirements may compete for the following New Jersey State awards.

The State Team will be announced within 72 hours of the last qualifier. The team consists of: **3 women and 3 men.**

A pre-designated number of athletes will qualify from this series to the US Nationals. NJSRA has a total of three quota slots for this series.

Racers who have attended either the Eastern Region Championships or the U19 Eastern Region Championships are still eligible to attend this event.

Eastern Region FIS Championship Series--U21, U19, & Sr.

These highly competitive FIS point races are held throughout the East during the season. New Jersey's has a total of three quota slots. Selection is based on the National Team Selection method, outlined in the US SKI AND SNOWBOARD Comp Guide and is subject to the discretion of the U21, U19 Competition Chair. Seniors are eligible for these slots, along with our junior racers.

Downhill Competition--Eastern Regional FIS

New Jersey has a quota of three men and three women for the events. Racers wishing to compete must have a letter written by a representative coach filed at the US SKI AND SNOWBOARD Eastern office by January 1st.

Should the Eastern Region add any in season state quota events, such as a development camp, the selection criteria will use quota positions from the previous season in the U19/U21 age group until the first qualifier is held. Prior to the first qualifier, first year U19's eligibility will only be considered for a quota slot after all other competitors in the age group. Once the first qualifier is held, selection will derive from all the current season's qualifiers completed to date.

In order to incorporate Title IX NJSRA will base all U21/U19 quota slots on the ratio of U19/U21 male/female membership filed that season.

The Chair, with Board concurrence, also has the authority to:

- a) Name alternate racers to the State team in the event of extenuating circumstances, such as illness or injury.
- b) Allocate these quota slots differently among men and women if it will best serve the team.
- c) Chose to not fill all the NJ slots allocated for post season events.
- d) Change the number of qualifying races due to cancellations, weather conditions, or other extenuating circumstances.

Notification/Acceptance of Quota Slots

It is the sole responsibility of the state chair or that committee to contact racers for quota slots. Contact by any other individual (coaches, parents, NJSRA Board Members) will not be considered official. Due to deadlines on submitting names to quota events, racers who have been invited to fill a quota slot will have 24 hours to reply. If no reply is received within the 24 hours the slot will be offered to the next racer in line. Any racer who changes their mind, and wants to take advantage of a quota slot after a negative response or who misses the 24-hour deadline, will be afforded the next available alternate slot.

Individual US SKI AND SNOWBOARD Points Results - "Individual US SKI AND SNOWBOARD Points results" are the US SKI AND SNOWBOARD Race points earned after each completed race plus the penalty given at each race

SENIORS

Seniors who meet the eligibility requirements stated earlier may compete in the New Jersey Slalom and Giant Slalom Championships and Governor's Cup and for slots at the Eastern FIS Championship Series. For specific program information, contact the Competition Chair.

Masters may compete in designated races. The Eastern Regional Masters Committee handles entry into higher level competition. If you're interested in participating, contact the Masters' National Chairman, Bill Skinner, at 435-647-2633.

RULES TO REMEMBER

(This is a partial list; see the US SKI AND SNOWBOARD Comp Guide for more details).

- 1) All racers must have a current US SKI AND SNOWBOARD membership card IN-HAND at race registration. No card--no race.
- 2) All racers wishing to compete for a slot on the NJ State Team must join NJSRA. A late fee of \$15 will be imposed for each late racer membership if received after October 15th (Newcomers exempt from late fee)
- 3) All competitors **must wear a helmet** manufactured for ski racing
- 4) Post- Season **No-show penalty**. Racers registered for an event under a New Jersey quota that fail to attend may be sanctioned by the NJSRA Board.
- 5) Racers must clearly display their bibs during course inspections. Penalty is disqualification.
- 6) Racers who are clearly disqualified by missing gate must exit the course. Juries can sanction violators.
- 7) A racer who claims interference must exit the course immediately and contact a jury member for a rerun. If a racer completes the run, no rerun will be awarded.
- 8) **Race entry fees and vouchers must be received by the host organization one week prior to race day. Late entries even with late fees do not have to be accepted. No-shows forfeit race entry fees.**
- 9) NJSRA, coaches, officials and parents enforce these rules and the US SKI AND SNOWBOARD Code of Conduct. Bottom line: be polite, considerate and cool.

Not knowing a rule will not be an accepted reason for breaking it. Please ask NJSRA Board members for explanations or questions that may come up.

ALPINE OFFICIALS

US SKI AND SNOWBOARD administers all Alpine Officials programs in New Jersey. A vital alpine officials' program is mandatory for holding US SKI AND SNOWBOARD-sanctioned events. US SKI AND SNOWBOARD staffs all sanctioned races with qualified Technical Delegates.

In order to become a referee, you must have taken the US SKI AND SNOWBOARD course setting clinic

WE NEED YOU!

Our pool of officials needs continuous replenishment with new folks as racing parent volunteers move on with their children. Contact your club to see how you can help. It's fun and rewarding work that gets you involved with a great group of people. Plus, you're supporting *your* kids.

Clinics

US SKI AND SNOWBOARD train and certify parent volunteers to become Alpine officials. You can start right now as a gate judge and earn certification during the clinics held in

New Jersey and throughout the Northeast. NJSRA 's Official clinics will be held throughout the season. Contact your Club President for dates.

Talk to your club or call Rich Howes who is the NJSRA Officials committee Chairperson. Rich will gladly arrange to get you up to date allowing you to participate and volunteer. Also, each mountain club has training films and books to loan for **any** interested person.

THE RACE DAY ORGANIZATION

In order to run our NJSRA and US SKI AND SNOWBOARD sanctioned races, we need the following Alpine Officials:

Race committee:

Appointed by the host area club, this body runs the race, with the assistance of other officials and volunteers.

Course setter - Named by host, sets safe course. (And is required to be a Level 1 Referee. No exceptions)

Others as appropriate

Race Jury:

The jury handles all race decisions, arbitrates protests and upholds race rules. The TECHNICAL DELEGATE ALONE handles race results.

1. Technical delegate - Named by US SKI AND SNOWBOARD this is the top official responsible for race results and a safe and fair competition.
2. Chief of race - Named by the host club to coordinate the entire race, from planning through the awards ceremony.
3. Referee - Appointed by the TD, inspects the course, collects and posts disqualifications.
4. Assistant referee, for DH & SG only

Jury members and course setters must be members of US SKI AND SNOWBOARD or another FIS-allied national federation. At least one jury member must be Level III Certified or above.

Gate judges:

Also known as **gatekeepers**, are the most important people on the hill, second only to the racers. Gate judges play a critical role in conducting a fair and safe ski race. They are responsible for supervising one or more gates, accurately observing and recording each competitor's correct passage through each gate. They also perform a number of other functions.

IF YOUR YOUNGSTER IS RACING this year, you'll be asked to serve as a gate judge. We can't conduct races without your help. Thank You!!!
