## WINTER4KIDS Athletics

Located on the Campus at the National Winter Activity Center. Team W4K offers competition and development programs integrated with US Ski & Snowboard for age groups U6-U21. Emphasizing on fun through motivation and instruction we help athletes reach their personal ski, snowboard or cross-country goals while creating paths to upper level, interscholastic and recreational competition.

Our coaches are US Ski & Snowboard certified and base their daily training plans on USSS Ski drills, all mountain guided skiing, and gate training.
